Brand	BOTT
Max dimensions	H: 265 mm, Ø: 95 mm, cap Ø: 45 mm gwall thickness: 1,10 mm
Weight	with cap: 107,4 g
Total volume	2200 ml
Material structure	One-layer product
Scale	Embossed scale in ml
Material / disposal / recycling code	Polyethylene (HDPE)   
Print area	laser marking on the cap
Country of origin	Poland
Customs Tariff Code	3926 90 97 90
Documents	Declarations of conformity: REACH, ISO 9001:2015
Directions for Use	The tamper-evident bottle is designed for single-use sealing of liquid or dry samples and is primarily intended for industrial and transport applications. Do not store food products in the bottle, as it is not intended for food contact. Do not reuse the tamper-evident bottle if any damage to the bottle or cap is visible.

Storage & Logistics

Shelf life / storage period	Long-term storage period: 1–5 years, provided the product is stored in its original, unopened packaging under controlled conditions: in a well-ventilated room, protected from direct sunlight, moisture, and sources of heat. The recommended room temperature is +5°C to +30°C, with relative humidity of 40–60%.
